PERSONAL PROJECTS

- **CampusCare – Campus Maintenance App UI:** Designed a campus maintenance interface focused on clear navigation, usability, and a consistent user experience.
- **Amazon Clone:** Developed an e-commerce interface with login-related functionality and JavaScript alerts to support user interactions.
- **Memory Challenge Game:** Built an interactive JavaScript game with score tracking and dynamic DOM manipulation.

EXPERIENCE

UI/UX Intern – Hooc AI Technologies **Jan 2026 – Aug 2026**
Paid Internship: 21 Apr – 21 Aug 2026

- Researched design references, created user flows, and designed user interfaces for mobile and web applications.
- **Vaivahik Munch – Matrimonial App:** Designed UI screens for profile discovery, search, filtering, and matching.
- **Root5 – Grocery Shopping App:** Designed shopping flows for product discovery, product details, cart, and checkout.
- **TopThreeInCity – Recommendation App:** Designed interfaces for personalized recommendations, category exploration, and content discovery.
- **PashuMitra – Veterinary Care App:** Designed interfaces for veterinary services, appointments, and animal profiles.
- **GallaMandi – Agricultural E-commerce:** Designed website interfaces for product discovery, categories, pricing, and purchasing.
